

Here's Where Your Federal Income Tax Goes

Since 2001, the wars on Afghanistan and Iraq have cost taxpayers nationally \$1.18 Trillion. Connecticut taxpayers have paid \$28.8 Billion. What the wars take from CT this year alone, \$4.2 Billion, would easily cover the state and cities' deficits.

Fund Human Needs, Not War!

There is no excuse for blaming public or other workers for budget deficits. It's the wars! It's the tax giveaways to the ultra rich.
